COMMENTS FROM THE TOWN MANAGER'S OFFICE

The tax bills for 1964 were finally mailed on Monday of this week and several of the people who normally pay early have been in to pay their bill. Quite a few people have checked with the office to get the breakdown of their taxes to find out the reason for increases. Some errors in assessment and billing have been pointed out by persons who were overtaxed or taxed in error. It would be easier if these things were brought to the attention of the assessors before the bills are made out but the means are available to make the corrections. This is the time to question a value placed on property and if a correction is needed it can be made.

The voter registration is continuing at a steady pace. Any person who wishes to register to vote may do so during office hours at any time up to and including election day. The local political parties must be very active this year because the new voter registration seems very large. There are two warrants for the General Election this year rather than the usual one.

The second warrant is due to the Special Session of the Legislature which just concluded. The Special Session enacted a bond issue to be submitted to the voters on November 3rd. The referendum question concerns the 25 million dollars needed by the state for the state's share of construction and equipment of pollution abatement facilities. At present the cost of pollution abatement facilities is financed by the Federal Government paying 30% and the State Government paying 30%, and the remaining 40% financed locally. The 25 million dollar bond issue is needed so the state can continue to pay 30% of the cost of cleaning up our rivers and streams.

DED ASSIGNS MAN TO SUGAR BEET PROJECT

Maine's Commissioner of Economic Development, Standish K. Bachman, today announced the assignment of the DED's Agricultural Consultant to the Sugar beet project.

Forty Aroostook growers planted about 200 acres to sugar beets this year, after the U. S. Agriculture Department granted Maine a 65,000-acre beet allotment for 1966 and thereafter.

The Great Western Sugar Company of Denver, Colorado has joined with the University of Maine in establishing a laboratory at Presque Isle to test the beets produced this year.

Great Western has suspended — but not abandoned — plans to

**LETTERS TO
THE EDITOR**

October 1, 1964

Dear Sirs:

The recent tragedy in Bos-
ton which took the lives of five
firemen and one civilian should
remind us of the risks of in-
jury or worse that the men of
our Bethel Volunteer Fire De-
partment have to take.

Some of the fires are routine,
but often there is a conflagra-
tion. Perhaps, after a hard
day's work, the men have to bat-
tle a blaze for hours and then
a few must remain on duty to
see that it doesn't re-kindle.

They may be called on a night
when the mercury is below zero
and the wind is blowing.
They sometimes are hampered
by the length of the run or by
a lack of water, but they do a
remarkable job of saving as
much as possible. On some oc-
casions they have to work on a
roof with a fire only inches
away.

Several guests of Bethel Inn
had praise for the speed with
which the volunteers respon-
ded to the alarm even in the
dead of night.

It should give the townspeo-
ple a feeling of security to know
that the firemen stand ready
to help all of us at any hour
of the day or night.

We should take all precau-
tions to prevent fires, and let
us give the members of the
Bethel Fire Department the ap-
preciation they deserve.
